

Allocation of New Homes

Through St George Community Housing, Newleaf Communities will assess your family's housing needs when it comes time to move.

- For people who cannot manage stairs there will be ground floor attached homes and home options with a downstairs bedroom
- There will be homes with disability modifications for those families that need them
- There will be a senior's living area as an option for elderly people
- Homes will have either a yard or a large balcony for the upper floor
- There will be homes to cater for families with children, gardeners and pet owners
- Talk to us about home improvements
