GO-KARTING AND MY SCHOOL HOLIDAYS

On the holiday I went to Fastlane Go-Karting and it was fun.
BILLY

I had fun. When I start off I couldn't move the handle at first. But as I got faster I started to get use to it and my heart was pounding hard and fast. In the first lap I over took all the cars but I wanted to slow to verse Joshua Bateman because he said that he could beat anyone. On the 6th lap I met Joshua one on one then we started racing and he crashed.

On the holidays I went go-karting at Minto (Fastlane) and it was fun, the go-karts went very fast and the corners were tricky to go through.

ENJOY YOUR HOLIDAY!!!

On the holidays I went to the park with my friends to play football. Today I went go-karting and I drove really fast that I crashed. When I started it was so fun. When I put my foot the pedal I went so fast that I hit a kart and crashed. On Saturday I played on the DS. **JONAH**

My favourite time in the holiday is going go-karting with a group of people. When I looked at everyone starting to ride I felt scared and frightened of crashing into people so much but when I started riding on the kart I felt like it was my best experience ever about this holiday. **JORDAN**

I played basketball with my friends and I sometimes play on the slide and swings in the Newleaf Communities park. I made a new friend while playing basketball. He comes to my school and he is in year 11 and he is really nice. He rarely comes to play basketball but when he does come to play it is really fun.

During the holidays I got on a mini bus with friends that went from Bonnyrigg Youth centre to Minto Fastlane go-karting then I raced my friends and came forth.

After that I went to Mc Donald's and got a large McChicken burger meal, it was yummy!!!

KIDS WELCOME AT CABROGAL COTTAGE

My name is Anthony Ly and I am in year 4. I go to Harrington Street Public School. After school I come to Cabrogal Cottage. I think it is a good place to be because they provide us with internet on the computers for free. When I go there I go on the computers to do my homework and when I finish my homework I have free time on the internet. I also go on some websites to research information for school. I go on MSN later to chat to my friends and relatives. After that I go home
